

## **IndivisibleNOCO Voting Recommendations for Poudre School Board Directors**

Poudre School Board Directors are voted on at large. Voters vote for one candidate from each director district that is open during the general election. This year, director districts C, D and E are open.

**District C.** IndivisibleNOCO recommends voting for **Karla Baise**. Ms. Baise brings a positive energy to the school board. Her work experience as a community outreach coordinator translates well to connecting with constituents with diverse perspectives.

**District D.** IndivisibleNOCO recommends voting for **Coronda Ziegler**. Dr. Ziegler's experience includes strategic and budgeting skills that will benefit the school district. While both candidates embody progressive learning-centric values, Dr. Ziegler explicitly states that, while parents and guardians should have meaningful opportunities for curriculum input, the final responsibility for curriculum decisions rests with trained educational professionals. Additionally, Dr. Ziegler has children currently enrolled in district schools, providing her a front-line view of the issues facing children today. Finally, she has received endorsements from the most progressive leaders in our community and current school board members.

**District E.** **Andrew Spain** is running unopposed.
